Dear Judge Kiel,

Again I would like to thank you for responding to my previous letter concerning the problem I have been having with the Settlement Claims Administrator and lawyers associated with the ISLEY v. BMW OF NORTH AMERICA, LLC at al (Case Number 2:19-cv-12680-ESK). I wanted to update you on the progress I have had in this matter since it has been over 30 business days since you electronically mailed your notice to the individuals (Christopher J Dalton, Daniel Zev Rivlin, Fredrick John Klorczyk III, Kedrick Redeemer, and Melisa Bayly) on 4/25/2022. I also sent emails to all the emails you mentioned in your letter to ask them for help with my claim. I only received one response (From Christopher J Dalton) who stated that I had received information from both the Settlement Claims Administrator and BMW of North America concerning my claim. I responded by email that I had not received any communication from these individuals after your notice had been sent out.

I have only asked for help with a legitimate claim for damage to my car that was covered in the lawsuit (ISLEY v. BMW OF NORTH AMERICA, LLC at al (Case Number 2:19-cv-12680-ESK)). This was settled for a large amount of money and it appears to me that this money was supposed in part to pay out legitimate claims concerning the BMW car that I owned and that seized and not to pay lawyer fees and administration fees and not address the original problem with the BMW engine. I can understand the lawyers having contempt for me for being a nuisance and ghosting me but do not understand their disrespect for you or your court order.

I am not sure what my next action should be in trying to have my car repaired? I will of course write to BMW of North America and advise them of what I have experienced with the Settlement Claims Administrator and lawyers associated with the case and that in my opinion the large amount of money they settled the lawsuit for is not being used for support of the BMW owners of the affected cars.

Sincerely

Anthony Johns
